CHURCH LIFE

SECURITY ALERT

Please make sure that your cars are locked and do not leave anything visible when parked in the church parking lot. Even if you don't think a book bag or gym bag would be of interest to a thief, the thief may think there is something of value in it. Unfortunately, a book bag was stolen from a member's car on Monday evening during the Women's Community Bible Study. She lost her books for class as well as some important personal documents. Church parking lots are becoming a prime target for thieves because they do not have to worry about people entering and exiting frequently as most services last at least an hour, giving thieves plenty of time to check car doors and look through windows.

HEALTHY BYTES

You are what you eat:
 Every 2 days, your eye cells are remade.
 Every 3-5 days, your gastro-intestinal track rejuvenates.
 Every 28 days, your skin replaces itself.
 Your liver, 5 months.
 Your bones, 10 years.
 Your body makes these new cells from the food you eat.
 What you eat literally becomes YOU.
 You have a choice in what you're made of.

For more information on healthy solutions and recipes, contact Gale Bolinger at gale4health@yahoo.com (please note new email address) I would like to remind you that these “Healthy Bytes” are my own suggestions and not medical advice. I get my references from many practical sources. Please read them with this in mind.
