

PASTOR'S NOTES

PASSING OF ED HIRSCHKORN

Ed Hirschhorn passed away on March 31. The cause of death is unknown, but Orin thinks it was a heart attack or stroke. Ed was 86. He lived in a nursing home for the past year and his health had been deteriorating. He will be cremated and the family will hold a memorial service in the late spring or summer.

COPIER IN THE WORKROOM

Attention Sabbath School teachers and department heads: there is now a color copier in the workroom for your usage.

A NOTE FROM PASTOR CAL

Come join "The Group" for our very first young adult service on April 30 — 5:30pm. It will be a very relaxed atmosphere with some familiar elements but with a different spin. The program will include praise and plenty of time just to hang out and get to know each other. Come dressed in jeans, shorts or your favorite t-shirt and get ready to praise God. Everyone is welcome; we encourage you to bring a friend. Spread the word!

HEALTHY BYTES

FIBER & CALORIES

Dietary fiber makes you feel full. Add fiber to your meals and you’ll eat fewer calories. Consume fewer calories than you burn and you’ll lose weight. It’s that simple.

When most people think of fiber, they think of “roughage,” like bran. Although insoluble dietary fiber is important, you also need soluble fiber. Both types of fiber are found in fruits, vegetables, whole grains, beans, nuts, and seeds.

Fiber contains no calories but it makes you feel full. Since fruits, vegetables, whole grains, beans, and nuts have lots of fiber and are easy to find, sustainable weight loss is simply a matter of buying healthy foods in the produce section of your grocery store, selecting the best products off the shelf, ordering the right foods on the menu, **and not eating unless you are hungry.**
